

2-Person SCRAMBLE

You will break your foursome up into two teams of 2 players. Each player will hit a tee ball. Your 2 person team will then decide which ball they want to play. After you have decided which ball to play, both players will hit their next shot from the chosen spot. Continue this progression until the ball has been holed out.

This is a NET event and your team handicap will be 20% of your combined handicaps.
