

Chapman 2-Somes

You will break your foursome up into 2 teams of two. On the sign up sheet please note which 2 players are partners.

Both players will tee off and then you switch balls. Player A plays their 2nd shot from Player B's drive and vice versa.

After you have both hit your 2nd shot you will then pick the ball that your team would like to play and alternate from this point forward until the ball has been holed. If player A's shot is chosen then player B will hit the 3rd shot for the team.

Your team Handicap will be 25% of your combined handicaps.
