

# Step-Out Scramble

All 4 players tee off. The person who hit the best tee shot selected by the team must “step out” for the next shot, leaving their 3 teammates to hit the next shot. This “step out” method is repeated for every shot until the ball is holed. After each shot, only the eligible 3 players hit each selected shot, including putts.

Team Handicaps will be 15% of the 4-player handicap total.
